Strauss ColdStorm® Drops

Respiratory Support

Common colds are the main reason that children miss school and adults miss work. While winter and spring are the most common times people get sick, you can get a cold anytime of year. Colds usually last 7-10 days and adults usually catch 2-3 colds per year and children catch even more.

Strauss ColdStorm® Drops are made with naturally sourced fresh garlic, which can help relieve symptoms associated with upper respiratory tract infections and catarrhal conditions like congestion and mucus buildup.

Catarrh is a build-up of mucus in an airway or cavity of the body. It usually affects the back of the nose, the throat or the sinuses and can lead to:

- reduced sense of smell and taste
- constant need to clear your throat
- the feeling that your throat is blocked
- blocked or stuffy nose that you can't clear
- persistent cough
- a headache or facial pain
- crackling sensation in your ear and some temporary hearing loss
- runny nose and the feeling of mucus running down the back of your throat

These symptoms can be frustrating to live with and may affect your sleep, making you feel tired.

How to use Strauss ColdStorm® Drops

Take it daily during the fall and winter and during times of seasonal change. Take it at the first sign of a cold or when you are feeling run down.

Once a cold sets in, taking ColdStorm® can still help with fast relief of a sore throat, coughs and sinus symptoms as well as reduce the duration of your cold dramatically.

Usage: Adults, nursing mothers & adolescents take 2-3 ml/3 times daily. Children 2-9 Years old; take 1 ml up to 3 times daily. Shake well. Can dilute in juice, yogurt or honey.

Medicinal Ingredients (per ml): Garlic bulb fresh 660 mg

Non-medicinal ingredients: Glycerine, Ethanol, Cherry juice, Natural mint flavouring

Manufactured in a GMP Compliant, NNHPD licensed and USFDA inspected facility.

Strauss formulas have been available for over 40 years and are well known for being so effective you don't need to take them forever.
