

Feel better with Strauss.

Recommended Dose:
take 1 ml to 3 ml
3 times per day

Strauss CardioCalm Drops™

Helps to support cardiovascular health in adults and relieve restlessness and nervousness (calmative).

Cardiovascular health requires good heart rhythm. The master pacemaker in our heart sends electrical signals that stimulate the cardiac muscle and the heart to expand and contract to pump oxygenated blood throughout your body.

There are several types of irregular rhythms known as arrhythmia, or irregular heartbeat including Bradycardia (<60 beats/min), Tachycardia (>100 beats/min), and Atrial Fibrillation (characterized by a disorganized, irregular heartbeat) - that can lead to a number of symptoms:

- Silent arrhythmia can also occur without symptoms
- Palpitations, fluttering or racing heart
- Pounding in the chest
- Dizziness or feeling lightheaded
- Shortness of breath and Chest discomfort
- Weakness or fatigue (feeling very tired):

Strauss CardioCalm Drops™

Did You Know?

Arrhythmias can have a number of causes:

- Heart failure
- Coronary artery disease
- High blood pressure
- Changes in the heart muscle (cardiomyopathy)
- Electrolyte (e.g. sodium or potassium) imbalances in the blood
- Shock, fright or stress
- Dietary intake of caffeine, nicotine, alcohol, cocaine, inhaled aerosols, diet pills, etc.
- Pharmaceuticals, including cold remedies

How can CardioCalm Drops™ help?

CardioCalm Drops™ contains the most Hawthorn extract of any licensed formula available in Canada. This extremely safe but powerful herb has been used successfully to clinically treat arrhythmia and heart failure. It helps to strengthen heart muscle contraction while simultaneously calming a rapid heart rate.

- Skullcap helps to support a weakened heart
- European Mistletoe traditionally used for nervous tachycardia
- Indian Sarsaparilla has a cardio protective influence and helps relieve stress

Don't skip a beat, pick some up today!
